

29 December 2020

To:
Executive Secretary
United Nations Framework Convention on Climate Change (UNFCCC) secretariat
Bonn, Germany

In joining stakeholders from around the globe that have promised to effectively help implement the Paris Agreement to accelerate the transformative change needed to reach greenhouse gas (GHG) emission neutrality (i.e. climate neutrality) in the second half of the twenty-first century, while also supporting the achievement of the Sustainable Development Goals,

I am pleased to confirm that **Sunlight Financial LLC** will continue to strive to become climate neutral through its commitment to Climate Neutral Now, to support global society in achieving climate neutrality¹.

In signing this pledge, I also commit my entire organisation to continue to undertake the following in becoming GHG emission neutral for the selected GHGs²: Carbon dioxide (CO₂); Methane (CH₄); Nitrous oxide (N₂O); Hydrofluorocarbons (HFCs); Perfluorocarbons (PFCs); and Sulphur hexafluoride (SF₆):

1. Measure (quantify) our greenhouse gas emissions;
2. Reduce those emissions through own action;
3. Compensate any remaining emissions by offsetting, including through use of Certified Emission Reductions (CERs).

¹ The Climate Neutral Now initiative is managed by the United Nations Framework Convention on Climate Change secretariat.

² Include here the list of gases that you pledge for. It can be all of them or a sub-set. You can select the gases from the options already mentioned in the text. Organizations should include all gases for which they have material emissions.

Sunlight Financial LLC will promote our efforts to achieve climate neutrality and its participation in Climate Neutral Now. It will also provide regular updates on progress under this pledge.

Sunlight Financial LLC makes this pledge starting from 29/12/2020.

Sunlight Financial LLC will be afforded recognition for our effort in striving towards climate neutrality under Climate Neutral Now.

Sincerely,
Matthew Potere
